

Hope.

THE FUND FOR HOPE

Hope is another good day. It is peace. It is possibility. It is the first step to success in treating a brain tumor.

All proceeds to the Fund for Hope are used to find a cure for brain tumors and improve the quality of life for Duke's patients and families.

A gift has been made to the Preston Robert Tisch Brain Tumor Center at Duke to provide the priceless gift of **hope** to the patients and families they serve.

May this tribute bring you much joy this holiday season.

The Angels Among Us 5K and Family Fun Walk is an annual event that celebrates life, strength, courage, and commitment. It has raised more than \$3 million to support brain tumor research.

All proceeds from the sale of this card will support Angels Among Us and the Fund for Hope at the Preston Robert Tisch Brain Tumor Center at Duke.
